WAL MART / SCOTTS ISSUES

COMMUNICATE VERBALLY - NO E MAILS

- #1 DO AWAY WITH ANY ORIGINAL SCOTT CONTAINERS INCLUDING BOTTLES 12/10 I believe completely corrected
- #2 Separate Scott products from being visible in retail store area
12/15 partially corrected - still need tarp or cardboard backing first shelving
- #3 Keep Bonus S fertilizer separate and out of pit 12/15 All fertilizer with St Augustine weed killer segregated
- #4 Entire facility appearance improved 12/10 a work in progress - have had meetings on more sweeping, more organization, better signage
- #5 Remove Scott products from being visible from adjoining roads
12/10 have contacted fence company for bid to put "privacy slats" in chain link fence.
Have contracted to lease 43,000 sq ft facility to get all product indoors.
Have purchased debugger, and are in process of installing - will decrease number of visible pallets.
- #6 Stock needs rotated 12/10 see all above - will increase rotation

Effective immediately Green Leaf will no longer be taking the liquid pesticide.

Please hold the liquid pesticide only at RC's until I give further notice for options on disposal. Thank you all.

Regards,

Ellen J. Dey

Tom, okay, I just spent 2 hrs with Ellen at Wal Mart- does that qualify as hazard pay? Come on-you know it does! I did have good visit with Tim, Chuck, and Sue. Here's summary: She wants varied bags of our product with display and trinkets delivered to Logistics(old Wmart accross from old Bates) by Thurs.-this I can handle. She is also expecting bales from you. One question: she's wanting us to send bags of the flea and tick granules now that she thinks we're fully licensed-and wants to hand out our product as door prizes-which is cool IF you are "down" with where we are in the permitting process. Visit to Green Leaf and MRF

Either day is fine. I am going to out of town on Wednesday and Thursday, but I do not need to be there, our managers will let you look at all of it.

If you choose Tuesday afternoon let me know.

Hi Tom,

How does Wednesday morning look for you? I thought we could go up to Greenleaf then go on over to the MRF line. If you don't mind a guy from International, Bill Kinney would like to tag along and see just what a MRF is and what we do. If Wednesday doesn't work how about Tuesday afternoon? Thanks.

Subject: Liquid pesticide

Hi Robert,

I want to get together and talk about what you might be able to do with the liquid pesticides. Can we set up a meeting and talk about it? Do you want to come to the RC? Thanks.
